"Fuel The Difference"

HOW DOES ULTRA TEC WORK?

Ultra Tec is a fuel additive specifically formulated to clean your vehicle's engine valves and combustion chamber by removing deposits.

This means the deposit build up in the combustion chamber is reduced, resulting in greater fuel and engine efficiency.

Improved fuel and engine efficiency increases the performance of your vehicle and **saves you money!**

Benefits of Ultra Tec Gasoline

Drive Longer

- Improves fuel economy
- Saves you money
- Maintains vehicle performance

Drive Cleaner

- Superior engine cleanliness
- Controls vehicle emissions

Drive Smoother

- Eliminates hesitation, stalling and rough idle due to intake system deposits.
- Restores lost power
- Improves vehicle acceleration

Drive Better

- Removes deposits
- Returns engines to optimum performance
- Keeps vehicles running like new

Benefits of Ultra Tec Diesel

Drive Longer

- Improves fuel economy
- Saves you money
- Protects against deterioration of fuel quality

Drive Cleaner

- Reduces unburned fuel
- Reduces exhaust emissions

Drive Smoother

- Keeps combustion chamber clean
- Removes deposits

Drive Better

- Restores lost power
- Restores tank filling time by reduced foaming
